

The most extraordinary discovery in the world is the Great Arabian Remedy for Man and Beast.

H. G. FARRELL'S CELEBRATED ARABIAN LINIMENT.

THE beautiful and fertile region skirting the desert of Arabia, abounds with rare plants and odorous woods, whence are procured those aromatic gums and balsams of which this Liniment is composed, and by whose stimulating, unctuous and penetrating properties it is, when applied, diffused through the whole nervous system, allaying the most intense pain in a few minutes. Try it, when you will be convinced that no preparation possesses in so high a degree, its perfect anodyne qualities. Its action is prompt and effective. It penetrates the flesh to the bone, relaxes contracted fibres, restores use to limbs paralyzed for years, and when the flesh has wasted away, leaving nothing but skin and bone, excites a healthy action, causing new flesh to grow out and fill up the shrivelled parts. It restores the synovial fluid or joint water, and this is the reason why it has been so successful in diseases of the joints. In affections of the Spine, Liver, Lungs and Kidneys, this remedy stands before any other ever produced. For ague, chills, malarial fever, the spleen, it is specific. For any internal inflammation, you will find it gives great relief. It has no equal in the world for Rheumatism, neuralgia, cramp, swelling, numbness, weak joints, Spine and Chest, pains, wounds, chilblains, burns, sore throat, bites of insects and reptiles, salt rheum, warts, corns, mange, and indeed nearly all diseases which require an external application, and many others, are greatly benefited by it. It is used externally with great success in colic, or swollen neck, Scrofula or King's Evil, Liver Complaint, nervous diseases, &c. For Horses or Cattle, it is as effective as in diseases of man. Will cure any case of Soreness in existence, also, Sprain of Saddle, Ringbone, Big-head, Fistula, Farcy, Poll Evil, Windgalls, Strains, Bruises, &c.

Look out for Counterfeits!

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, may lead him to be in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects. The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale dealer, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. Farrell, and its signature on the wrapper, all others are counterfeits. Sold by L. P. MAGNET, Agent, Gallipolis, Ohio, and by regularly authorized agents throughout the United States. Price 25 and 50 cents, and \$1 per bottle. Agents wanted in every town, village and hamlet in the United States, in which one not already established. Address H. G. Farrell as above, accompanied with good reference as to character, responsibility, &c. May 27, 1852.

In Consumptive Symptoms,

"Prostration is the thief of time," in an awful sense, as it shortens existence, and hurries the patient from time to eternity. Thousands are dying whose lives might be saved by the timely use of Wistar's Balsam of Wild Cherry. A few weeks, a few days, may make a fatal difference in the progress of Consumptive symptoms.

The chances of success increase greatly with the earliness of treatment. Although in cases seemingly desperate, Wistar's Balsam has performed cures that are seemingly miraculous, still it is advisable to take the Balsam on the appearance of the first symptoms.

Consumption, of all diseases, is the one that should receive early treatment. Every hour of delay may make the case more difficult. In the war between Disease and Nature, the sooner we assist Nature, the more certainly will she win the victory. If we wait until Disease has broken the constitution, our aid may come too late to be of service. See advertisement in another column.

A Short Lesson.

To step between death and his prey is a good work, and whoever induces the victim of Cough, Bronchitis, or any Pulmonary disease, to take one bottle of Dr. Rodgers' Liverwort, Tar and Canebrake, has begun that good work. There can be no question of the result, if the remedy is persevered in. See pamphlet in Agents' hands. For sale by L. P. MAGNET.

Another Scientific Wonder—Important to

Dr. J. S. HOUGHTON'S, the True Digestive Fluid, or Gastric Juice, prepared from Rennet, or the fourth stomach of the Ox, after directions of Baron Liebig, the great Physiologist, chemist, by Dr. J. S. HOUGHTON, M. D., Philadelphia. This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver complaint, constipation, and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice. Pamphlets, containing scientific evidence of its value, furnished by agents gratis. See notice among the medical advertisements.

CINCINNATI MARKET.

SATURDAY, June 5, P. M.
Flour—The market was, if anything, a shade better to-day, but the demand was still confined chiefly to the city trade. Sales at 3 18 to 3 33; extra 3 30.
Provisions—Some small lots of Pork were sold, but we did not learn the parties. In Bacon of Lard nothing transpired; there was some inquiry for shoulders smoked, and also in dry salt, and they would command 7 1/2 to 8 and 6 1/2.
Groceries—Sugar 5 1/2 to 6. Coffee 1 1/4 to 1 3/4. Fair to prime Molasses 33 1/2 to 34 1/2. Hops and Cattle—Hops continue in good demand at 4 25 per 100 lbs. Cattle are more plenty and prices lower, 5 00 to 5 50 being

the range for fair and choice. Bees, few sales, but looking at over 6 00. Sheep are scarce and good lots command 3 50 to 4 00 per head. Calves range from 3 00 to 7 00 per head.
Wheat—Wheat scarce at 61 1/2. Corn is firm at 24 3/4. Oats 25c.
Cooper's Stuff—Sales of 35,000 bbls at 11 00; poles sell at 11 00, and 16 00 for hls and bbls, and hbls at 16 00. Supply light and demand good.
Coppage is without change, whiskey barrels continuing in good demand at 85 1/2, and Flour do at 24 3/4.
Wool—The business is still on a limited scale, but there is a somewhat better feeling on the part of purchasers, and we make some slight alterations in our figures:
Tub washed and full 21 1/2; Common and 1 1/2 blood fleece 22 1/2; 1 1/2 do Merino 24 1/2; 3 1/4 do Merino 26 1/2; Full do 28 1/2; unwashed 1 3/4.

Pittsburgh Market, June 7.
Flour—Market dull and unchanged. Sales of extra at 3 00 to 3 20.
Wheat—Sales of 300 bushels at 28c.
Barley—The market was quiet and sales confined to retail trade. We quote Hams at 9 1/4 to 9 3/4; shoulders 8 to 8 1/4; sides 9 1/4 to 9 3/4; sugar-cured Hams firm at 11c.

AYER'S CHERRY PECTORAL.

For the cure of Coughs, Colds, Hoarseness, Bronchitis, Whooping-cough, croup, Asthma and consumption.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—its increase its enjoyment, and even prolong the term of human existence, none can be named so useful, so sure, so simple, and so safe as the Cherry Pectoral. This contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary diseases which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following opinions of eminent men, and refer to the circular which the Agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these facts.

From the President of Amherst College, the celebrated Professor Hitchcock.

"James C. Ayer, Sir: I have used your CHERRY PECTORAL in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution, that it is an admirable compound for the relief of laryngeal and bronchial affections. In my opinion, it is a superior remedy for the class of diseases to which it is intended to cure."

From one of the first Physicians in Maine. Saco, Me., April 26, 1849.

Dr. J. C. Ayer, Lowell, Dear Sir: I am now constantly using your CHERRY PECTORAL in my practice, and prefer it to any other medicine for pulmonary complaints. From observation of many severe cases, I am convinced it will cure coughs, colds, and diseases of the lungs, that have put to defiance all other remedies.

I invariably recommend its use in cases of consumption, and consider it much the best remedy known for that disease.

Respectfully yours, L. S. CUSHMAN, M. D.

Prepared and sold by JAMES C. AYER, Practical Chemist, Lowell, Mass.

Sold by L. P. MAGNET, Gallipolis; Shackelford & Crichton, Portsmouth; John Perkins, Athens; Lansing, Bedford, Chittenden; Fred Eckstein, Jr., Cincinnati; and by Druggists every where.

Another Scientific Wonder! DRY CURE FOR DYSPEPSIA!

Dr. J. S. HOUGHTON'S PEPSIN.

THE TRUE DIGESTIVE FLUID, OR, GASTRIC JUICE.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiologist, Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION, and DEBILITY. Curing after Nature's own method, by Nature's own agent, the Gastric Juice.

It will digest or dissolve, *Five Pounds of Boast Beef in about two hours*, out of the stomach.

PEPSIN is the chief element or Great Digesting Principle of the Gastric Juice—the Solvent for food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines.

It is extracted from the Digestive Stomach of the Ox, thus forming an ARTIFICIAL DIGESTIVE FLUID, precisely like the natural Gastric Juice in its chemical powers, and furnishing a COMPLETE and PERFECT SUBSTITUTE for it.

By the aid of this preparation, the pains and evils of INDIGESTION and DYSPEPSIA are removed, just as they would be by a healthy stomach. It is, indeed, a wonderful cure for the various evils of DEBILITY, EMACIATION, NERVOUS DECLINE, and DYSPEPTIC CONSUMPTION, compared to an on the verge of the grave. The Scientific Evidence upon which it is based, is of the highest degree CURIOUS and REMARKABLE.

SCIENTIFIC EVIDENCE!

BARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be dissolved, changed, and digested in the same manner as they would be in the human stomach."

Call on the agent, and get a descriptive circular, giving a large amount of scientific evidence similar to the above, and with Reports of REMARKABLE CURES, from all parts of the United States.

AS A DYSPEPSIA CURE.

Dr. HOUGHTON'S PEPIN has produced the most marvellous effects, in curing cases of Debility, Food Indigestion, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authentic certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great NERVOUS ANTIDOTE, and particularly useful for tendency to Bilious disorder, Liver complaint, fever and ague, or badly treated fever and ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organ, after a long sickness. Also, for excess in eating, and the free use of ardent spirits. It almost reconciles health with intemperance.

Dr. HOUGHTON'S PEPIN is sold by nearly all the dealers in fine drugs and popular Medicine throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of physicians.

Private circulars, for the use of physicians, may be obtained of Dr. Houghton, or sent by mail, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be made to its use by Physicians in respectable standing, and a regular practice. Price, One Dollar per bottle.

Dr. Houghton's PEPIN—Every bottle of the genuine PEPIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Beware of cheap imitations.

Sold by all Druggists and dealers in Medicines.
